

Need to Upgrade Your TMS?

Super Charge Your Shipper TMS

Dependable Transportation. Lower Freight Cost. Instant Capacity

Key Features

- Take Control with Instant Pricing**
 Get instant, real-time freight quotes for standard and expedited shipping. Low, predictable monthly fees, with no up-front costs.
- Reliable Capacity at your fingerprint**
 Increase your chances of finding a carrier faster and at a lower price by posting your shipments to ZUUM marketplace.
- 24/7 Visibility on Your Shipments**
 Track your shipments from pickup to delivery through our mobile app GPS tracking.
- Dynamic Procurement RFP & Routing Guide**
 View, manage and generate reports of all your RFP events in one place. Easily build a RFP bid, and invite your carriers and brokers to bid on your RFP events.
- Carbon Footprint**
 We offer carbon footprint reporting for shippers in an effort to build awareness on carbon emissions.
